

# Zornaments

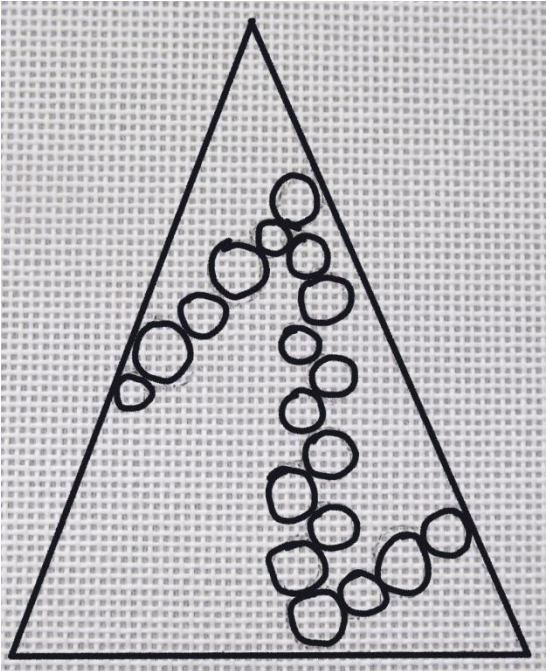

an original Needlepoint project from Blue Dogwood Designs

## September 2012 Zornament # 9

Each month an ornament shape – 6 different shapes in all.

Use your own color, your favorite thread. The stitchguide is for the colored/background area. Each "Zornament" has a 'Z' shape accent.

Work the bubbles first.  
French knots used here.

The background is alternating tent – very easy to compensate around the bubbles.

Linda W used overdyed for the background.  
Solid floss for the bubbles.

# Zornaments for each month - simply dazzing!
